

GSV01 PLUS Ozone Sanitizing Spray Bottle

FEATURES

Bluamec
technology

Safe to use

High
efficiency

Requires
only water

Zero chemical
addition

Zero chemical
residue

Our patented technology allows you to create a sanitizer - aqueous ozone, from water itself, as an alternative to traditional sanitizers and cleaners.

Simply fill with common tap water, press the power button, and the spray bottle instantly converts the water into a powerful disinfectant - ozone water, for on-demand disinfection anywhere, anytime.

CLEAN

After using the ozone water sprayer, you will save a lot of chemical cleaners and disinfectants, reduces the harm for human body by chemicals. Clean is becoming easier and more efficient.

SANITIZE

Ozone water generated by Bluamec sanitizing technology kills >99.9% of some of the most harmful bacteria in less than 30s. As an absolutely safe disinfectant, it is recommended by FDA.

DEODORIZE

The powerful oxidation of ozone water can react with organic matter and decompose the source of odor, safe and eco-friendly.

For Home

- Furnitures
- Baby products
- Kitchen appliances
- Sanitary ware

For Public Place

- Restaurants
- Schools
- Offices
- Markets

For Travel

- Hotels
- Outdoors
- Private cars
- Public transports

For Health Care

- Hospitals
- Clinics
- Nursing homes
- Oral care

Applications

Babies/Children

Elderly people

Pets

Travellers

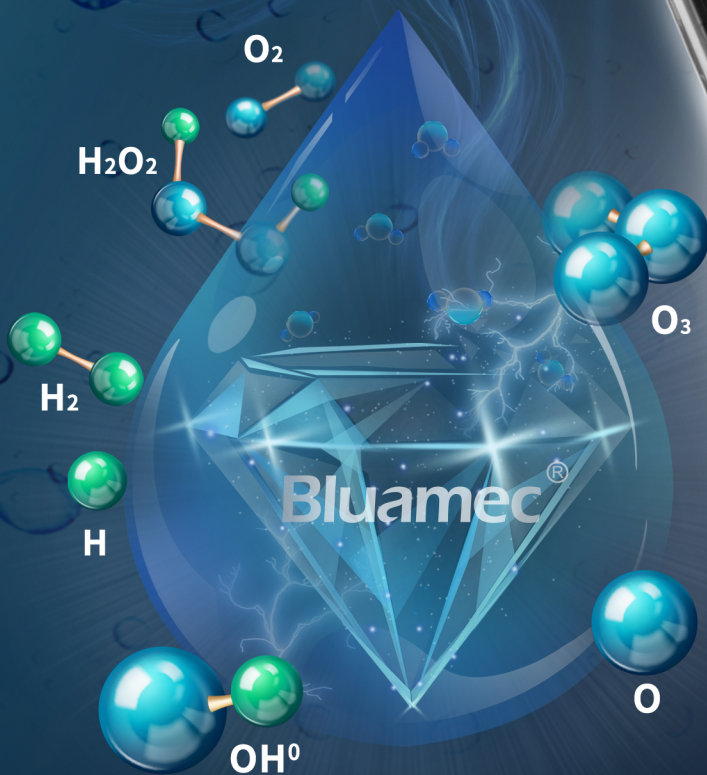

Service staffs

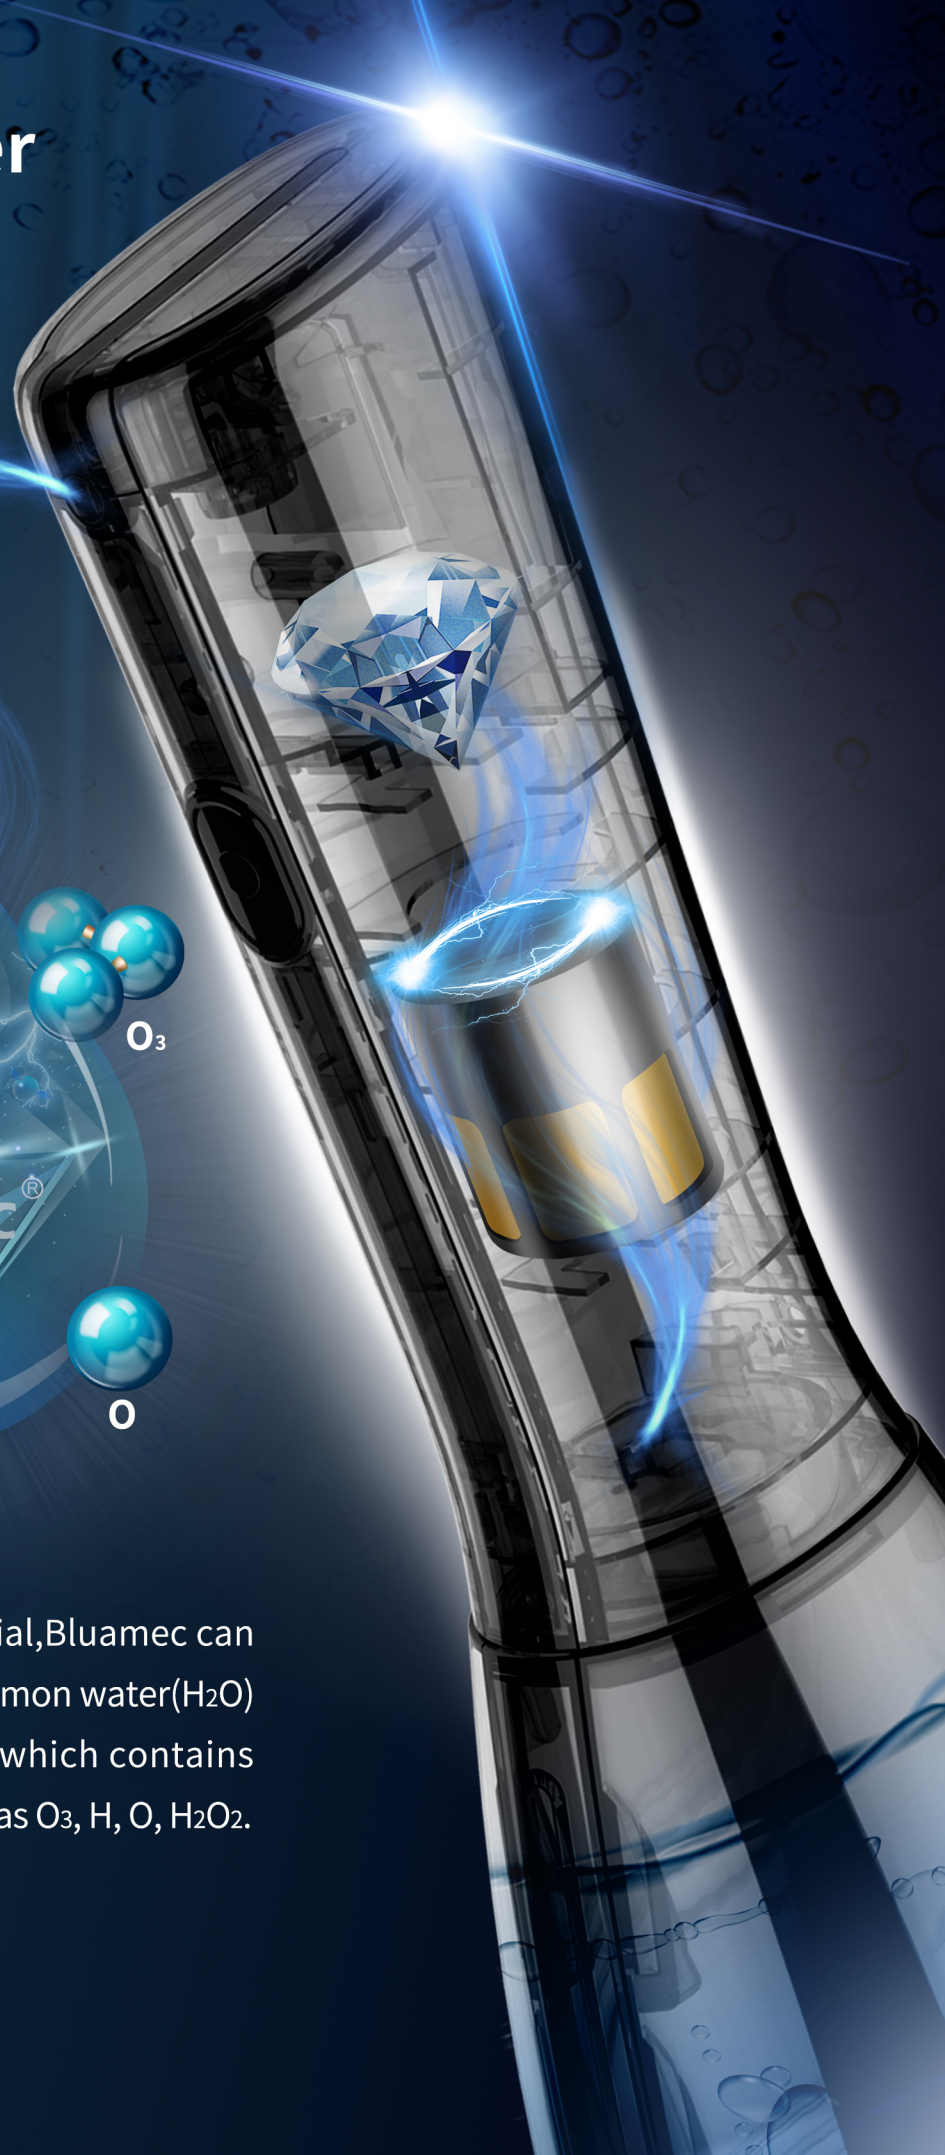

Epidemic prevention workers

OPEN A NEW ERA OF ZERO CHEMICAL DISINFECTION

Bluamec Water Molecular Reconstruction Technology

* As an advance electrode material, Bluamec can instantaneously electrolyze common water (H_2O) into super bactericidal water, which contains ultrastrong oxidizing group such as O_3 , H , O , H_2O_2 .

CHARGE

- Fully charged in 2-3 hrs
- Lasts for hundreds of sprays

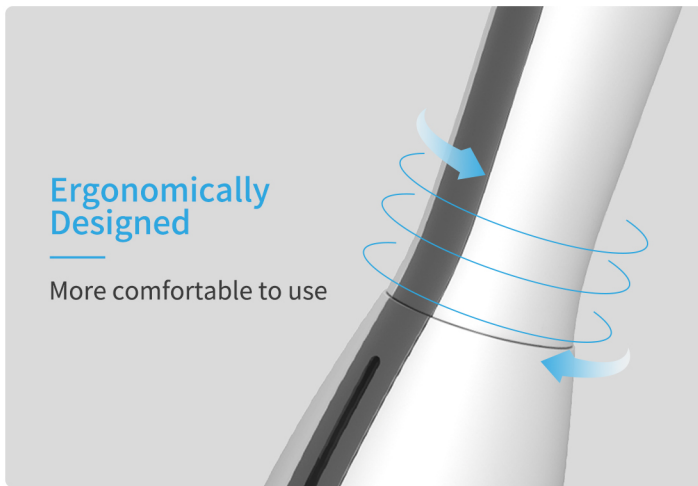

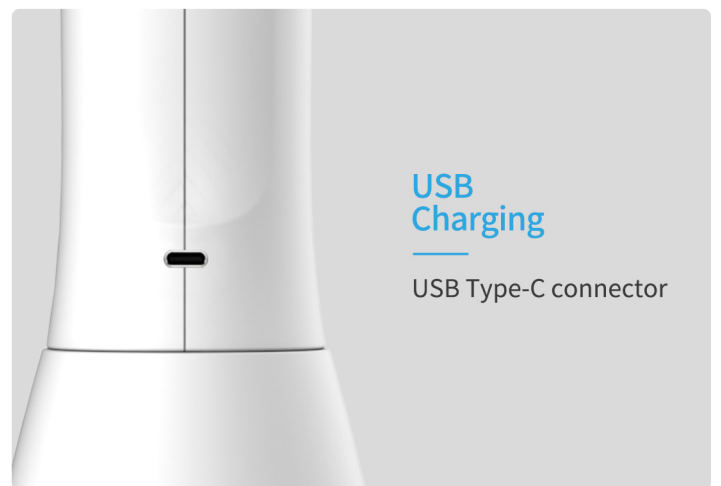

FILL

- Quick release reservoir, opens easy
- Use common tap water or purified water

SANITIZE

- Press power button to creat Bluamec germicidal factor

WATER-BASED

Non-toxic,eco-friendly water-based sanitizer,As long as you have tap water, you'll never run out of sanitizer.

RAPID GENERATION

Generate ozone water synchronously, without waiting.Cleans and sanitizes on demand at any time&any places.

KILLS >99.9% IN SECS

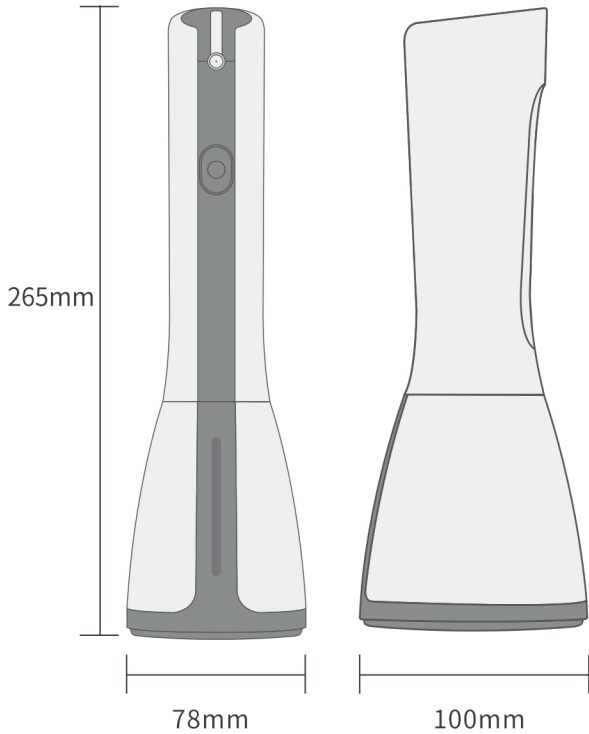

Quickly kills >99.9% of bacteria, harmful germs and virus in less than 30s. Ozone water is also proved to kill COVID-19.

CHEMICAL-FREE

Deposon spray bottle creates its own disinfecting&sanitizing solution! Without any chemical addition and residue.

Product Specifications

Model GSV01 PLUS	Reservoir 350ml	Color White
Dimension 100*78*265mm	Net Weight 370g	Battery Charging USB Type-C
Battery 7.4V Li-ion, 800mAh	Charge 3hrs	Concentration* Average 1.2ppm
Water Quality Clean tap water (4-40°C)	Life Span More than 50000 times spray(10s/spray)	

* Tested with clean water (TDS≈100ppm, temperature≈25°C)
Ozone concentration varies depending on conditions such as water quality or water temperature.

About Us

Guangzhou DEPOSON Electric Co.,Ltd. is the world's leading provider of technical service and product solutions of Bluamec Technology. Bluamec technology is widely used in the fields of disinfection, medical and health, Industrial pollution treatment, agriculture and food safety, etc.
